# Sending a Message

Once you have successfully logged into your FASTSMS account, you can send your first message in five easy steps...

1. Click the '**Send SMS**' button to compose a new message.
2. Enter the mobile phone number of the intended recipient.
3. Add who the message is from.
4. Type your message.
5. Click '**Send message**'

The screenshot shows the 'Send SMS' interface with the following elements:

- 1**: A red box highlights the 'Send SMS' button in the top navigation bar.
- 2**: A red box highlights the 'To:' field, which includes a text input 'enter mobile number' and a dropdown menu with options: Number, Contact, Group, List, Campaign.
- 3**: A red box highlights the 'From:' field, which includes a text input 'enter a text label' and a dropdown menu with options: Name, Number.
- 4**: A red box highlights the 'Message text:' area, which includes a large text input field, a character count '0/456 chars (1/3) messages', and a note: 'Attention! If your message is more than 160 characters long, it will span multiple SMS and you will be charged multiple credits.'
- 5**: A red box highlights the 'Send message' button at the bottom of the form.

Other visible elements include a top navigation bar with 'Home', 'Messages', 'Contacts', 'Reports', 'My Account', 'Administration', 'Help & Support', and 'Logout'. The 'Send this message...' section has radio buttons for 'immediately', 'on a later date', and 'by schedule'.

# Check Your Message was Delivered

When the message has been sent you will see a number of live reports indicating the status of the sent message.

- **Pending:** the message is on its way to the receiving network
- **Sent:** the receiving network is sending the message to the handset
- **Delivered:** the text message has been received by the handset
- **Undeliverable:** the handset could not be reached, message failed

<input type="checkbox"/>	Message ID	Destination	Source	Scheduled For	Latest Status Update
